

SHUBHAM KUMAR GUPTA

Senior Automation Developer

shubha.gns@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Senior Automation Developer with 3+ years of experience specializing in DevOps, cloud infrastructure automation, and configuration management. Proven track record of reducing deployment times by up to 80% through innovative automation solutions. Expert in Azure cloud services, Terraform, Puppet, and PowerShell with strong full-stack development background.

WORK EXPERIENCE

Senior Automation Developer

Jan 2024 - Present

Hexagon

- Migrated Smart Cloud's ARM template (JSON) based deployments to code-based deployments using Terraform
- Implemented and delivered Puppet profiles for configuration of Hexagon WebAPI products, reducing delivery time by up to 80%
- Architected and maintained Cloud Automation backend services for Intergraph Smart Cloud Portal, collaborating closely with frontend teams to integrate seamless application delivery workflows
- Streamlined user onboarding, product deployment, and upgrade processes for Hexagon products hosted in Smart Cloud environment, ensuring rapid delivery and enhanced user experience
- Provided ongoing support for ad-hoc automation via PowerShell scripts and Azure Runbooks

Automation Developer

Sep 2022 - Jan 2024

Hexagon

- Automated Azure Resource Provisioning using Terraform, ARM Templates, and PowerShell Runbooks with Az-Module
- Developed custom Terraform modules for provisioning Azure resources for newly acquired PingFederate Identity Manager, enabling automated deployment and infrastructure management
- Supported configuration automation team working on Puppet and Azure DSC
- Developed and maintained infrastructure as code solutions for cloud deployments

Software Engineer

Mar 2022 - Jul 2022

Smiota

- Automated various workflows using Java, Selenium, and Appium
- Contributed to Angular and Java Servlets development as part of the development team

Software Engineer

Jul 2021 - Feb 2022

Hashedin By Deloitte

- Delivered production bug fixes for a HealthCare client
- Collaborated with cross-functional teams to ensure quality deliverables

Software Engineering Intern

Feb 2021 - Jul 2021

Hashedin By Deloitte

- Developed xContract - a document management system for MSAs and SOWs using React and Java Spring Boot
- Built gTranscriptor - a Google Meet transcription application using React, Firebase, and jQuery

TECHNICAL SKILLS

Cloud & Infrastructure:

Azure, Terraform, ARM Templates, PowerShell, Azure Runbooks

Configuration Management:

Puppet, Azure DSC, Puppet DSC

Programming Languages:

Java, Python, PowerShell, Ruby, Haskell

Development Frameworks:

React, Java Spring Boot, Angular, Firebase

Automation & Testing:

Selenium, Appium, GitLab CI/CD, Azure DevOps

Domain Expertise:

DevOps, Infrastructure as Code, Cloud Automation, CI/CD Pipelines

KEY PROJECTS

Nand2Tetris - Computer Design

Technologies: VLSI, HDL, Digital Design, Compiler Design

- Designed a complete computer system from hardware to software, including building a game called Tetris
- Learned fundamentals of OS, Compiler Design, and Digital Design under Prof. Kamakothi's guidance

xContract - Document Management System

Technologies: React, Java Spring Boot, GitLab CI/CD, GCP

- Streamlined writing, reviewing, and making changes to legal documents like MSAs and SOWs
- Implemented automated workflows for document approval and version control

gTranscriptor - Meeting Transcription App

Technologies: React, Firebase, jQuery, Chrome Extension API

- Developed web application with Chrome extension to record and store Google Meet transcriptions
- Implemented features including Google SSO, transcript management, and advanced search functionality

EDUCATION

Bachelor of Engineering in Computer Science and Engineering

2017 - 2021

[Chandigarh University](#)

CGPA: 7.75/10.0

ISC (11th - 12th) in PCMB

2014 - 2016

[St Josephs School](#)

Percentage: 90.2%

ICSE (10th)

2013 - 2014

[Gyanoday Niketan](#)

Percentage: 85%

CERTIFICATIONS

Full Stack Software Development
